

*The mission of IslandWood is to provide exceptional learning experiences and to inspire lifelong environmental and community stewardship*

# Celebrate Longfellow Creek And your Community!

## IslandWood Homewaters Program

As part of the 5th grade science unit Land and Water, students visit this local creek with us to complete a hands-on field study. We invite students, teachers, families, and community members to join us for an end of the year celebration!

There will be water bug investigations and scavenger hunt bingo, as well as activities from local organizations.

Please join us on

**Saturday, June 13th between 11 am-2pm  
at Greg Davis Park**

for a day of investigation, games, exploration, and FUN!
